

Conference Testimonials

“One of the fundamental issues when deciding on a conference venue is its ability to provide services and facilities which complement the meeting or conference. Gean House provides all of this and more! Its excellent facilities, attentive friendly staff, good food and a very quite and peaceful location.

If we have a requirement for an off site meeting venue Gean House is always our first choice.”

Archie Wilson, Marketing Director
Weir Engineering

“The Scottish Prison Service has held a number of employee assessment centres at Gean House over the past two years. The elegance of the various rooms provides a lovely calm atmosphere, very important for encouraging candidates to relax and give of their best in the various assessment exercises.

Assessors and candidates are very well looked after by extremely helpful staff for whom nothing is too much trouble.

There is a variety of food to choose from and we have particularly enjoyed their morning rolls provided before the business commences at the start of each day. As an ice-breaker they work splendidly.”

Tom Fox, Head of Communications
Scottish Prison Service

“We have been holding monthly training workshops at Gean House over the last year. The location and surroundings are perfect for us – a big room for the main session and the space to break out into other parts of the house or the gardens. We have been treated very well by Billy and the team, and the rate represents excellent value for money given the high quality of the venue”

Emma Heath, Marketing Manager at Maxxium UK
